DETAILED ACTION

Allowable Subject Matter

1. Claims 1-34 are allowed.

The following is an examiner's statement of reasons for allowance:

Re to claims 1, 20, 29, and 34, the independent claim includes "receiving a second response with one or more transducers corresponding to ultrasound reflected from an intersection between the upper surface and a side wall of the container " in combination with the remaining claim limitation is not taught and/or made obvious by the prior art.

Re to claim 30, the independent claim includes "determining a second value corresponding to an ultrasonic time-of-flight for ultrasound that travels along an inclined acoustic path , and reflects from an intersection between an upper liquid surface and a side wall of the container " in combination with the remaining claim limitation is not taught and/or made obvious by the prior art.

Re to claim 32, the independent claim includes "determining a second value corresponding to an ultrasonic time-of-flight for an acoustic path between a second transducer and an intersection between an upper liquid surface and a side wall of the container " in combination with the remaining claim limitation is not taught and/or made obvious by the prior art.

Re to claim 34, the independent claim includes "a second signal corresponding to a second ultrasonic wave that has been reflected from an interface between an upper surface of the contents in the container and a side wall of the container " in combination with the remaining claim limitation is not taught and/or made obvious by the prior art.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
